Industrial IoT Solutions for Water Utilities

- Ruggedised
- Battery Operated
- Network Agnostic
- Modular
- Integratable

- 5000+ product variations**
- 60+ end to end solutions**
- Adaptive Rule Engine**
- Integrated Device Management**
- Modular Custom Solution**

LPWAN Group stands at the forefront of industrial IoT innovation, providing a comprehensive portfolio of battery-powered, modular, and integratable solutions for managing Distributed Industrial Assets in Water Utilities.

With over 25 years of expertise in design, manufacturing, and integration, we are pioneers in deploying integrated LPWAN sensors and targeted solutions that strive to build a better future for all. Specializing in pressure and level monitoring, we proudly offer over 20 unique pre-configured solutions, supported by thousands of active devices worldwide; from Norway to New Zealand, and Canada to South Africa.

**No matter how complex your application,
just share it with us and we will take care of the rest ...**
